

Horse Trails in Kentucky State Parks

We
Welcome You to
Kentucky State Parks!

We are proud to serve the needs of trail riding enthusiasts throughout our State Park system. Kentucky State Parks offer extensive miles of equine trails, as well as several horse campgrounds for your riding convenience.

For your safety and enjoyment, we ask that you read and adhere to the following (policies) and trail etiquette reminders:

- ▶ Safety should be everyone’s first priority when out on the trails and especially on State Park roads.
- ▶ Save the environment – *please* practice “Leave No Trace” ethics.
- ▶ Horses are permitted in the State Park only on those trails or routes established for their use. Horseback riding is strictly prohibited on Kentucky State Nature Preserve Land; which are a part of some Kentucky State Parks.
- ▶ State Park roadways are intended for entry access to designated trails for local ridership.
- ▶ Roadway entering and exiting are only permissible from dawn to dusk. Riders must remain vigilant at all times on State Park roads and understand they do so at their own risk as roadways are utilized for multi-use travel purposes. Riders shall slow horses to a walk on roadways.
- ▶ Riding or hitching horses is not permitted in public campgrounds, picnic areas, marinas, near trail shelters, eating or sleeping establishments, or other areas of public gathering, except where trails and facilities are specifically designed or provided for such use.
- ▶ As required by the office of the state veterinarian, horses being transported within the State of Kentucky require a current negative Coggins test and a certificate of veterinary inspection (CVI), also known as a health certificate. Copies of such documentation may be requested while on State Park premises.

For your riding pleasure, we invite you to visit the following Kentucky State Parks with horse trails, located conveniently throughout the State.

State Park	Equestrian or Multi-Use Trail Miles	Nearby Accessible Miles (via state forests, etc.)
